MUNICIPAL ICE CONTRACT

SIGNED WEDNESDAY Diodore Delage to Handle Frozen Product for Next Five Years.

Diodore Delage of this city signed contract, Tuesday evening, to hanuses at the pumping station, for a eriod of five years, at an annual cost of \$300, to be paid in three equal installments on the first of May, Aug-

Arrangements were made for such a contract as the one that was signed Tuesday evening, the first part of last October but a few details were not settled and Mr. Delage was not ready to sign the contract until after the fiscal year had closed, so he could not eign until the board was sworn in.

The two things that chiefly held up the signing of the contract were the amount of tools at the ice house, and the construction of a road from the louses to the state road. The first mestion was settled Tuesday morning when the water committee, which has charge of the houses, went to the couses and made an inventory of the cools and the contract specifies that city shall construct a road to the

This increase comes at a time when it will be very much appreciated because of the increase in the cost of living and also in the

SCHOOL COMMITTEE MEETING No Action Taken on Closing Schools To Save Coal,

The school committee held its regular monthly meeting Wednesday ev-ening. The meeting lasted about an hour, but nothing of importance was done with the exception of adopting the resolution naming the duties of the resolution naming the duties of the school superintendent which were offered by the committee at the last meeting. The rules were adopted as previously stated with the exception that the superintendent has the power to advertise for bids for transportation of school children. The wording of another phrase was changed, the one regarding to complaints about the school. The members of the committee wanted to have the petty complaints settled by the superintendent yet they did not want to deprive the

story to the remembrance of a citizen of the borough.

A little over 25 years ago when he had pressing business in Jamestown about the village, concerning Captain and made frequent calls to that city, a similar gale occurred in that section a similar gale occurred in that section with similar disastrous results. A number of barges were sunk and several thousand tons of good coal lay on the harbor bottom off Jamestown in shallow waters as is the case today. Coal was coal then as it is now. As Coal was coal then as it is now. As the shortage increased on the island. and the rigors of the winter weather began to be felt, the man who tells this story saw men go out by the dozens each day in boats, with specially con-structed extra long-handled oyster trongs. By patient work, and after lo-cating the coal beds, hundreds of tons were brought up, and many a man kept his family from suffering that winter by this novel method of secur-ing coal. Jamestown people are seting up and taking notice, coal is scarce, and what has been done, may be done again.

Christmas Cheer Fund.

Christmas Cheer Fund.

Before the end of the present week receptacles will be placed in the stores about town for contributions to a fund to provide Christmas cheer for the needy of Danielson. In this year of war the eyes of many are fixed on the frightful suffering and need of succor overseas, but that a few here may not pass a gray and desolate Christmas the attention of the charitable must be directed to this annual duty of providing for them during the holiday season. Out of the goodness of their hearts many Danielson people have regularly given to this Christmas fund and have always found that such giving paid them splendid dividends in the way of joy and satisfaction over a good work well done. Notwithstanding the many calls for war needs, this charity at home can easily be maintained if many give only a little. A quarter or a dime spared out of even a slender purse will bring more happiness through this special fund than if spent in almost any other way. Contributions of vegetables, fruits and other foods will be gladly received for distribution through Rev. W. B. Williams, Rev. E. A. Legg, Rev. J. T.
